

**COMPLETE
PACKING**

services by

Complete Packing services by ACS&T provide a comprehensive range of packing services for a wide range of industry sectors. Efficient and dynamic, we have worked with the confectionery and food industries since 1970. Today, we produce over 2.5 million packed units annually for the confectionery, electrical, computing, food, office services, and health and beauty sectors.

Why choose ACS&T?

We have the experience, resources and technical ability to add value to your business. We offer:

- Frozen, chilled and ambient co-packing services with on site, secure and dedicated storage facilities
- Final processing of work in progress to meet orders at minimal cost
- Product and packaging rectification
- Hand packing of product in bespoke casing for promotional needs

Operating to the highest codes of practice, we are certified to the rigorous quality and hygiene standards BRC, ISO 9001 and ISO 14001.

FACTORY

Complete Packaging

Our dedicated packing services are enhanced by our purpose-built infrastructure that includes:

-  Clean rooms for hygienic packing and check weighing
-  Fully alarmed packing rooms and full CCTV coverage
-  Loading bays for both dock leveller and curtain-sider vehicles
-  Web enabled system to allow customers to manage their own stock
-  Ability to accommodate customers' IT suites when required
-  Automated flow-wrap services for flexible multi-pack makeup
